

Write a story called "The Baby Dragon"

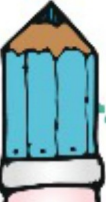

Imagine if you were 20 ft. tall. What would life be like?

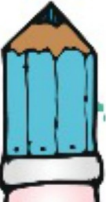

Imagine if you were 12 inches tall. What would life be like?

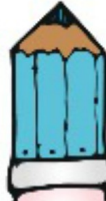

You woke up with a tail! What happened? What will you do?

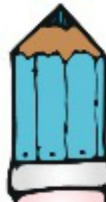

Tell a story about children who live where there are no electronics.

Tell a story about your terrible, horrible, no good, very bad day.

Imagine you have a genie and 3 wishes. What would you wish for?

What if there was no such thing as money? What would life be like?
